Greater Cincinnati Hazardous Materials Unit

Notes to the Financial Statements
For the Years Ended December 31, 2019 and 2018

Note 1 - Nature of Activities and Significant Accounting Policies

Nature of operations

Greater Cincinnati Hazardous Materials Unit is a non-profit corporation committed to providing training, preparedness and response to minimize the damage to life, property and the environment by controlling releases of hazardous materials throughout Ohio, Kentucky, and Indiana.

Sources of Revenue

Revenue is derived from four main sources. These are county and city population assessment, clean up fees charged to specific runs, cash donations, and donations and grants of equipment. Assessments make up 87.3% of all revenue collected. Contributions and grants received with donor-imposed restrictions that are met in the same year in which the contributions and/or grants are received are classified as unrestricted contributions.

Valuation of Contributed Equipment

Equipment that is donated is valued at the fair market value of such item at the time it is contributed.

Use of Estimates

The preparation of Financial Statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Equipment

The organization capitalizes all equipment acquisitions in excess of \$1,000. Purchased equipment is capitalized at cost. Equipment is depreciated using the straight-line method over their estimated useful lives.

Classes of Net Assets

The accompanying financial statements have been prepared in conformity with the requirements of the Financial Accounting Standards Board (FASB) as set forth in Statement of Financial Accounting Standards (SFAS) No. 117 "Financial Statements of Not-for-Profit Organizations". Accordingly, the assets of the Organization are reported in only one of three classes as all assets are unrestricted.

Income Tax Status

The organization is a not-for-profit organization that is exempt from income taxes under Section 501(c) of the Internal Revenue Code.

Cash and cash equivalents

Cash includes cash in checking and money market accounts.

Investments

At December 31, 2019, short term investments consist of a \$124,462.11. This consists of:

<u>Name</u>	<u>Type</u>	<u>Maturity</u>	<u>Amount</u>
Chase Bank	Mutual Fund	None	<u>124,462.11</u>
Total			\$124,462.11

Reclassifications

Certain amounts in prior year financial statements may have been reclassified for comparative purposes to conform with the presentation of the current year financial statements.

Note 2 - Cash Flow Information

At various times throughout the year, the Unit may have cash in financial institutions in excess of insured limits. The Federal Deposit Insurance Corporation (FDIC) insures account balances up to \$250,000 for each business depositor. Using this criteria, the Unit had no cash in excess of insured limits at both December 31, 2019 and 2018. \$124,462.11 that was deposited in Chase Bank Mutual Fund Account is an investment account and therefore is not insured by the FDIC.
